---

**PETITIONING THE COURT**

To incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court on 11/21/2013.

The probation officer believes that the offender has violated the following condition(s) of supervision:

Violation Number      Nature of Noncompliance

3      **Mandatory Condition # 2:** The defendant shall not commit another Federal, state, or local crime.

**Supporting Evidence:** On November 21, 2013, at approximately 11:40 p.m., local law enforcement observed a male riding a bicycle on the sidewalk without a helmet or light on the bicycle. Police attempted to stop the male on the bicycle, later identified as Mr. Olds. Despite their commands and attempts to stop Mr. Olds, he proceeded to increase his speed on the bicycle and attempt to elude police officers. A foot pursuit ensued, and Mr. Olds was apprehended.

When officers were able to apprehend Mr. Olds, they observed him toss a plastic bag from his hand. The plastic bag was secured and the white crystalline substance it contained tested positive for methamphetamine. Mr. Olds was then transported to Spokane County Jail, to be booked on charges of possession of a controlled substance.

Prob12C

**Re: Olds, Brady Martin**

**November 27, 2013**

**Page 2**

When jail staff conducted a full search of Mr. Olds' person, they found another plastic bag containing a crystalline substance. This bag was located inside Mr. Olds' sweat pants, tied to the string of the pants. Mr. Olds told jail staff that he knew the baggy was located there. The crystalline substance contained in this plastic bag also tested positive for methamphetamine.

Mr. Olds was charged with obstruction, possession of a controlled substance (methamphetamine), and inmate in possession of a controlled substance (methamphetamine). He was also cited for failure to wear a helmet, no light on his bicycle, riding his bicycle on the sidewalk, and riding the wrong way on a one-way street.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on: 11/27/2013
